Salisbury  
it's about time

# Time for SALISBURY

Immortalised in the paintings of Turner and Constable, the awesome sight of Salisbury Cathedral rising up from the surrounding water-meadows is so quintessentially English it's almost too good to be true!

Salisbury Cathedral offers one superlative after another, including Britain's tallest spire and the world's oldest working clock. Within the Chapter House an exhibition opened in 2015 contains the best preserved of four original 1215 Magna Carta manuscripts. For an unforgettable experience, a Tower Tour leads you up narrow, winding staircases to the foot of the spire, 225 feet above ground.

The Close is an oasis of calm in the centre of the city. Here, as well as the Cathedral, you'll find Arundells, home of former Prime Minister Sir Edward Heath; the National Trust's Mompesson House; The Rifles Berkshire & Wiltshire Museum; The Salisbury Museum; and Sarum College.

The historic heart of Salisbury is home to plenty of independent retailers offering an eclectic range of interesting items, as well as all your favourite high street stores. On Tuesdays and Saturdays (except the third Tuesday in October) the hustle and bustle of the historic Charter Market fills the Market Place as it has done for almost 800 years. There are other interesting markets throughout the year, and if you visit between late-November and mid-December you can join
